

Title: Ministry/Training Mission Trip to Recent War Zone

December 11, 2023

Greetings all,

Just wanted to send a quick note to ask for prayer. I am helping with putting together a ministry/training mission team to one of the most recent war zones. The ministry in the middle of this venture has almost twenty years of experience working in the area in question, so we have the tremendous asset of trust and relationships that have been built over decades. They know literally hundreds of pastors and ministry leaders throughout the country.

A big part of the mission for this trip will be to provide Immanuel Approach ministry as well as training. One of the team members has a lot of experience with IA ministry and training in this kind of situation, and most of the team will be able to be there for two full months (January and February). Our most strategic goal/hope/target is to establish a large number self-sustaining clusters that will be able to continue IA ministry and training after the team returns to the states.

We already have the team members in place, so we don't need volunteers. And the ministry in the middle of the venture has already received gifts that cover the cost, so we don't need donations. But the team will face extraordinary challenges regarding every other aspect of the trip – they will be working in areas where the basic fabric of society has been profoundly disrupted, and they could end up in active war zones. So we would REALLY appreciate prayer for the trip, the team members, and all those they will be ministering to and training.

Thanks and blessings,

Dr. Lehman/Karl
