

Title: Urbana Immanuel Stories #11 – Jesus Confirming Call to Missions

December 4, 2023

Greetings all,

Here's yet another story from one of the Immanuel Approach volunteers at Urbana:

“A student was planning to go to graduate school and then get a job, but she wondered if The Lord was calling her to global missions. She wanted to know.

She entered a joyful memory and then perceived The Lord as a tall white shadow far away. She invited Him to come closer, and He did. She then asked Him to hug her, and He moved in close and embraced her, and then she cried as she experienced Him loving her.

She then asked Him what He wanted her to know, and He confirmed that He was calling her to global missions, letting her know that He wants her to serve people in other cultures. He then told her He would be with her through thick and thin.

She shifted from feeling conflicted about her calling to having peace and confidence about her calling to global missions, comforted that Jesus would be with her through thick and thin.”

Blessings,

Dr. Lehman/Karl
