

Title: **First time experiencing living, tangible, interactive Jesus**

June 5, 2023

Greetings all,

Just a quick note to share another fun Immanuel Approach story. Someone in the wider IA community recently sent me the following e-mail:

“Tonight I got to experience one of the greatest things I've ever seen. My wife and I were doing Immanuel Prayer with a fellow Christian who had *never* experienced the presence of God and was considering leaving the faith, and we had the tremendous honor of watching her encounter the living presence of Jesus for the first time in her life. She first experienced Jesus' presence in a positive memory, and that, alone, would have been enough. But then Jesus also healed her of a traumatic memory from her childhood.

Afterwards she told us, ‘Now I know there is no doubt, because I have experienced Him personally.’”

Blessings,

Dr. Lehman/Karl
