

Title: "More Encouraging Follow-Up From Orlando InterVarsity Staff Conference"

January 24, 2024

Greetings all,

We asked the Immanuel Approach ministry team volunteers at the recent InterVarsity staff conference to share highlights. Here are some of their responses:

"Getting to see people encounter Jesus' presence, and knowing that what they received will impact so many others through their ministry."

"Being with a young woman as she encountered Immanuel and received healing for childhood wounds. Likewise a young man. They left just amazed at what Immanuel did."

"Seeing such precious people interacting with Jesus so vulnerably, and seeing His beautiful character and provision."

"Being with recipients as they encountered Immanuel. Watching transformation take place right before my eyes."

"Praying with so many dear followers of Jesus! Helping recipients meet Jesus in areas of pain and sorrow and watching Him attune to them."

"It was beautiful to see how God met each person I prayed with. The journey he took them on was one that only He could take them on....Each person I prayed with met God in the way they needed too."

"I loved praying with the InterVarsity staff! Each of my 8 recipients connected with the Lord. One of the recipients I prayed with had one of those life-changing, turning point kind of sessions!"

"The opportunity to come alongside 9 precious people in the prayer sessions and see Immanuel intimately connect with each and every one was so energizing, buoying and uplifting. I am so very thankful for the opportunity."

"Two of the people I prayed with were encountering the tangible, interactive presence of Jesus for the first time, which is always such a delight...."

"It was a wonderful experience to help the recipients connect with Jesus and see how He knew exactly what they needed."

Blessings,

Dr. Lehman/Karl
