

Title: "Encouraging Note Regarding IA and Relationship With God"

October 22, 2024

Greetings all,

I recently received the following note, and thought the rest of you might appreciate it:

"Immanuel Approach truly transformed my relationship with God. He was faithful to answer my prayers when I sought Him relentlessly about learning to hear his voice for years on end. He taught me all along the way, and then led me to Immanuel Approach around 2009. I soon realized it was the clearest, most cutting edge answer, and yet also the most ancient, which only makes sense. A true bull's eye. I am humbled and grateful to be part of such a movement."

Blessings,

Dr. Lehman/Karl
