

Title: "Christian Mental Health Professional Think Tank"

April 7, 2024

Greetings all,

Just a quick note to ask for prayer. Charlotte and I will be participating in a "think tank" Monday April 8 through Wed April 11 at a retreat center in Georgia. We will be meeting with 50+ other Christian mental health thought-leaders to network and brainstorm. The gathering will include professors and other representatives from Christian mental health graduate programs, Christian mental health authors, founders/directors from a number of Christian mental health related ministries, and others. We would appreciate prayer for strategic networking, and that the Lord would give us favor in sharing about the Immanuel Approach.

Thanks and blessings,

Dr. Lehman/Karl
