

Title: Subtitle Project – Thank You for Your Prayers

May 7, 2009

Greetings all,

Just a quick note to thank you for your prayers and ask for more. A volunteer and myself each spent ~25 hours this past weekend working on the subtitles. In addition to a lot of straightforward work, we also encountered a seemingly endless series of computer and software glitches, but we did get the job done. We have subtitles in Spanish to use in Panama, and we also mailed discs to Dr. Wilder with subtitles in Dutch, and he got them in time to take them with him as he flies to Holland today. So “thank you” to all those who were supporting our efforts with prayer.

Dr. Wilder is going to be presenting at a conference with almost 3,000 pastors, and will be using the subtitled ministry sessions in several of his presentations. We would appreciate prayers that the conference will go well and that the Lord will anoint our material to accomplish His purposes.

Thanks and blessings,

Dr Lehman/Karl
