Andy and Kristin Ross' IA training and ministry in Kenya, continued:

We also participated in an All Africa Missionary Conference. During this conference my dad offered us a slot to teach about Immanuel prayer. We were honored that these missionaries were willing to listen to us though we are young. We wanted them at least to know that this type of healing is available and to give them further insight into how past pains can greatly compound problems of conflict and division among team-mates. We used examples from our own marriage of how our past caused us to have conflicts and how when Jesus healed those memories our conflicts went way down in intensity. We also gave opportunity for those who wanted to practice this prayer in small groups in a guided setting. **Several people had powerful encounters with the Lord and found healing for the painful memories they chose.** One reported hurtful words which had been circling in that person's mind suddenly were gone and didn't return after Jesus healing. We are glad for what God is already doing and rejoice that we could add Immanuel prayer healing to the many spiritual gifts which God has given these missionaries.
