

Title: "My Church says, 'You've really changed!'"

January 10, 2012

Greetings all,

I wanted to send out a brief testimony to start the new year off with some encouragement:

"My Church says, 'You've really changed!'": I understand Immanuel primarily because I have received his healing for ten years through this approach. I continue to be committed to my healing work with Immanuel because I want to be free, I want all that Jesus has for me, and I want those closest to me to reap the rewards of my healing. I want to be able to coach others and I want to love the Lord my God with everything I am. God has worked a great deal of humility, compassion and wisdom into me as I've pursued the Truth. For the most part, I enjoy my inner life in peace and hope since Jesus became Immanuel to me. My church says, "You've really changed!" I take it as a compliment????

Also, we have been working hard on the Immanuel approach website (www.immanuelapproach.com), with lots of additional material recently posted on the Biblical Basis page, lots of new material just posted on the Immanuel Colleagues page, and lots of new material just posted on the Testimonies page (all of the Immanuel stories and testimonies from past e-mails are now on the Testimonies page).

Blessings,

Dr. Lehman/Karl
