

Title: Yet Another Testimony

April 6, 2012

Greetings all,

I thought everybody would probably also enjoy another brief testimony about the wonderful ways the Lord is working through the Immanuel approach:

“[As] I have been receiving and giving Immanuel...I find that I have more freedom, more self-confidence and I'm happier. I have developed the faith and assurance that I can see Jesus, and these results are not just for me. As I am coaching others, it is such fun. It is such joy to watch as he changes lives and brings freedom and intimacy to everyone.”
