

Title: Prayer for Peru Adventure

October 28, 2013

Greetings all,

I want to send a quick note to ask for prayer. Ed Khouri and another colleague of ours, Darv Smith, are currently in Peru presenting some of the most recent material from Dr. Wilder and the THRIVE team. Part of the adventure is that things have worked out so that the material they are presenting will be broadcast this next week over Enlace TV, the largest Christian network in all of South and Central America. Dr. Wilder just sent us a note saying that the Peruvian broadcast could reach over 8 million people during this next week. About one third of the message they will be broadcasting will be about Immanuel approach emotional healing, so we thought it would be reasonable to invite the Immanuel approach community to intercede. For the whole adventure, for the broadcast, and for the listeners. We would also like to ask for special prayer for Ed and Darv, since Ed spent last night passing a kidney stone and is struggling with some other medical concerns as well, and their hotel room has had problems that exacerbate Ed's medical concerns.

Thank you for your prayers.

Blessings,

Dr. Lehman/Karl
