

Title: Another Text from India Mission Team

December 13, 2013

Greetings all,

Just wanted to share another short text excerpt from Mark:

“What a day! U might find it hard 2 believe, but women who just learned the Immanuel approach started to lead groups of 6 because we needed more facilitators. And one new woman had all 6 be able to connect w Jesus. Very basic, but still cool that they were able to do appreciation, and then go from appreciate to interactive connection. The group grew to 300 today....Many incredible testimonies of Jesus....”

Thanks again for all of your prayers. Keep praying as the team is finishing their training and ministry in India. We ask that you also pray for their safe return home, for continued protection for the anti-human trafficking team, the safe house staff, and the safe house girls, and also for the people that have been trained in India to retain, practice, and share the Immanuel approach principles and tools that they have just learned.

Blessings,

Dr. Lehman/Karl
