

Title: Prayer for IA Team in India

December 2, 2013

Greetings all,

Just a quick note to ask for prayer for Mark and the team in India. They will be presenting today to a group of about a thousand pastors and leaders, and if today's presentation goes really well they could be asked back for more Immanuel approach teaching and practice. So we welcome prayer that the Lord will really anoint them and give them favor.

In addition to this opportunity, they will also be ministering directly to women and children who have been rescued from human trafficking, and also be training staff that work with these women and children.

Thanks and blessings,

Dr. Lehman/Karl
