

Title: More Stories from Uganda – IA With Children

August 21, 2013

Greetings all,

Just a quick note to let you know that Mark and the Restoring the Heart Ministry (RTHM) team are safely back from Uganda. We got a call from Mark on Sunday afternoon, about fifteen minutes after he got back, and got another fun story (we will get more later, but he was really tired).

As mentioned in earlier notes, Mark provided training to the mentors each morning, and then in the afternoons they would all go out to surrounding villages and minister to children who had been traumatized. After several days, one of the mentors was so impressed with how the Immanuel approach was working with the children in the villages that she went home and tried it with her children. And all three of her children had beautiful experiences with the living presence of Jesus.

Thanks again to all who have been praying.

Blessings,

Dr. Lehman/Karl
