

Title: More Stories From Uganda – IA Evangelism With Children

September 4, 2013

Greetings all,

Just a quick note to pass on some more fun stories from Mark and Uganda. One of the really encouraging stories Mark has shared with us is that a number of the kids came to the Lord as a direct result of the Immanuel approach healing. When the team went to the nearby villages to work with the children, some of the kids were not Christians at the beginning of the ministry time; however, they still wanted to participate and every one of these kids (that Mark was aware of) experienced the presence of Jesus and received healing. And in some of these cases, the person facilitating the session thought to take time at the end of the session to address the question of becoming a Christian. The facilitator offered a very simple invitation along the lines of, “You know that person that helped you – that person that told you He was always going to help you? That person is Jesus. Do you want to invite Him into your life?” And in every one of these situations (that Mark was aware of), the kid said “Yes.”

Blessings,

Dr. Lehman/Karl
