

Title: "Deep Personal Healing that Only Jesus Could Have Known I Needed"

January 28, 2014

Wanted to share an encouraging note we just got from a pastor's wife who recently participated in a conference in Minnesota:

"The Immanuel Prayer class and my prayer appointment changed my life. I found a simple process I could really use to help others without a degree in counseling. I learned I could practice the Presence of Christ any time, and I received deep personal healing that only Jesus could have known I needed. I have also used Immanuel Prayer with my daughters, who were able to experience Jesus with them when they were scared of nightmares, and then were able to sleep soundly. One described hearing beautiful music with Jesus, and another told me that Jesus said simply, 'Do not be afraid.'"

Blessings,

Dr. Lehman/Karl
