

Title: More Endorsements – Dr. Bill Day and Pastor Patti Velotta

October 27, 2016

I thought everyone might enjoy seeing a few more encouraging endorsements.

Blessings,

Dr. Lehman/Karl

“In Chapter 4 of Luke's Gospel, Jesus identifies His mission as that of binding up our broken hearts and freeing us from every form of captivity and bondage. The Immanuel Approach is demonstrably in the heart of Jesus' mission and is as simple and as complex as Jesus Himself. Dr. Karl Lehman's passion, commitment, and years of being mentored by the Holy Spirit have coalesced into a comprehensive method of emotional healing that has been bearing rich fruit around the globe. Dr. Lehman has gathered together in this volume an impressive array of principles and tools to equip those called into this healing work, as well as to equip all believers for living with Jesus on a moment-by-moment basis. Many healing stories are interspersed throughout the book, which help to make these principles and tools come alive.”

Bill Day, PhD, LCSW,
Christian psychologist and author of *Healing Troubled Hearts*

“This is the quintessential reference book on the Immanuel Approach. I've read it. I've lived it. It reflects accurately it's author: scholarly, elegant, understandable, exhaustively complete. A must have for anyone serious about living and providing Immanuel prayer.”

Patti Velotta, M.S., M.Div.
Pastor, Calvary Way International Fellowship
Author of *Immanuel: A Practicum*
