

Title: "IA endorsement, David and Malia McKinney"

November 19, 2016

Greetings all,

Just a quick note to share another fun IA endorsement.

Blessings,

Dr. Lehman/Karl

"My wife, Malia, and I were introduced to Dr. Karl Lehman and the Immanuel Approach several years ago by the Director of Spiritual Formation at our church. Our life experience includes leading prayer teams and community groups, providing soul care and prayer counseling, and of course being parents and grandparents. We are currently "city leaders" of Immanuel Prayer in San Francisco, under Pastor Patti Velotta, trainer and author of "Immanuel, A Practicum."

Though there are many other pathways to inner healing work, we have found the Immanuel Approach to be simple to do and teach. Above all, we have found great healing and intimacy with Jesus in our own lives. The key to caring for others is "putting our own oxygen masks on first." As both my wife and I experience knowing Jesus ourselves, the Immanuel Approach has increased our capacity to be loved, and to love in ways that are beyond our wildest imagination.

Connecting with Jesus. Intimacy. Hearing what Jesus wants us to know. Allowing Him to lead us into places that, though there was trauma, hurt and pain, He is with us. Never alone. Being with others as Jesus leads, seeing Him connect is one of the greatest privileges.

Dr. Karl's pioneering work, *The Immanuel Approach: For Emotional Healing & For Life*, with the authority derived through thousands of hours of clinical practice as an M.D and Psychiatrist, has paved the way for life-changing breakthrough. People with or without a formal education now have a proven "map" to help themselves and others connect in an interactive way to the "Chief Physician"
