Excerpt from e-mail regarding September 2018 Wheaton conference:

"Although this email is a bit delayed in coming, it also has the advantage of my realization that what I experienced at your September conference has stuck. We had a wonderful time hearing more treasures from you and especially seeing the demonstrations of how effective Immanuel Prayer is with challenging situations. The demonstration with Tim has impacted me in more ways than I can express. I loved the way you deferred all the answers to the questions he had to Jesus. I caught myself at times thinking "Oh. Oh. How is Jesus going to answer this?" and then being amazed and delighted with His answer. Your peace and confidence in Jesus was wonderful to see.

I especially appreciate your transparency and even those places of vulnerability where you shared your experience with us. Another area that was so helpful was when you shared about how not to blow up your ministry. I have seen that happen with people and the way you addressed this in the explanations that you gave are so helpful. I shared it with our ministry coordinator people at our last meeting so that they would understand and be aware of the safeguards that are needed. They felt it was very valuable.

There are many other things that you taught and illustrations that you shared that helped me so much. I appreciate that there is a tremendous amount of work, prayer and time that goes into something as valuable as this was. I am grateful that God helped me connect with your ministry so many years ago when Charlotte and you did a Theophostic-based training.

I can honestly say that the work you have done with Immanuel has been life changing for me and for others in our church. For me one of the greatest measures of its value is that I love Jesus more because I have experienced His goodness, His kindness, His love, and His promise to always be with me."
