

Title: "Thanks for Your Prayers, Conferences Went Well"

January 29, 2019

Greetings all,

Just a quick note to say "thank you" to those of you who have been praying for my voice and for the conferences in VA. My voice held up, which is a bit hard to explain (without prayer), since I went in with a soar throat and moderate hoarseness, and then talked from 9:00 a.m. to 6:00 p.m. for four days.

Both of the conferences went really well. The demonstrations went well. Video clips were well received. I'm really happy with how the lectures went (still things I want to improve, but the best version so far). Good Q&A times. Lots of amazing healing during the exercises in the basic conference. (Approx 110 of the 140 reported getting some kind of healing during the exercises, and several people shared with me that they experienced very dramatic healing.) A number of the Basic Conference participants told me that they now feel much more confident to use the Immanuel Approach as part of their regular lives, which was exactly my goal. Prolonged standing ovation at the end of the second conference, with whistling and cheering. It went on so long I asked them to stop. (It was getting embarrassing – at least for me. 😊)

Thanks again to all those who have been praying.

Blessings,

Dr. Lehman/Karl
