

Title: "Beautiful IA With Extreme Issues Urban Youth"

August 16, 2019

Greetings all.

Just a quick note to share yet another Immanuel Approach testimony:

We recently got the following note from a friend who is on staff with a ministry that works in a large urban area. They care for girls, women, and families struggling with HUGE problems (for example, living on the streets, escape from human trafficking, etc):

"Yesterday I talked with the Youth and Families director of our ministry – Sara Walters. She has taught all the middle school and high school girls Immanuel Prayer. She shared about a very powerful session with a girl who is a 9th grader. (I know the girl and met with her family to do some trauma counseling at one point.) The girl believed some devastating lies about her worth and that she had not done enough to stop a traumatic crisis in her family from happening (she was only 10 years old at the time, and could not have stopped it by any means). Jesus told her that she wasn't at fault *and WHY*. Sara said, "She looked like a different person after the healing from Jesus." Then Sara coached her to ask Jesus, "Is there more?" Jesus said "Yes, there's more, but not now. Don't worry. Later, not now."

Our girls, all knowing Immanuel Prayer, went on a special all day outing (an annual adventure with another ministry that provides this special trip each year). Our leaders take the girls, and it is always a powerful and deeply personal and FUN time. Sara said our girls, on their own, did Immanuel Prayer with each other during the entire trip."

Blessings,

Dr. Lehman/Karl
