

Title: Thank You for Your Cards and Messages!

July 1, 2020

Greetings all,

Just a quick note to say “THANK YOU!” for your cards and messages for my 60<sup>th</sup> birthday yesterday. Charlotte and I spent several hours going through them. We would read and laugh and cry. And then read and laugh and cry some more. And then read and laugh and cry some more. Wow. What a poignant, profound, encouraging, inspiring, faith-building, meaningful, humbling experience. I am so honored to be in the middle of the Immanuel Approach, and so grateful that my presence and my work has been such a blessing to so many of you.

And then for an extra helping of appreciation, after going through all of the wonderful cards and e-mail messages Charlotte and I had Lou Malnati’s deep dish pizza. (That memory is such a good place for me to connect with Jesus that it seems responsible to keep it fresh.) 😊

Thanks again, and blessings,

Dr. Lehman/Karl

P.S. If you were thinking about a card or e-mail message but didn’t get to it in time to get it to Charlotte for June 29, I’m fine with late birthday cards and messages. 😊 I would especially love to get more stories about how the Immanuel Approach has helped people experience the tangible, personal, living, loving, interactive presence of Jesus.
