

Title: New Video: Positive Memories, Appreciation, and Interactive Connection with God

February 5, 2021

Greetings all,

In the new video just posted on our website, I teach briefly about relational circuits, positive memories, and appreciation (the principles underlying the initial steps in the Immanuel Approach process); and then Pastor Charlotte and I demonstrate these initial steps (the Immanuel Approach process up to the point of establishing an interactive connection with God).

This training segment provides a condensed version of the first couple sessions of our Basic Training seminar, and then demonstrates one of the training exercises.

The title for this new video is “Immanuel Approach Training Segment #1: Positive Memory, Appreciation, and Interactive Connection with God,” and this clip is now posted as another “Teaching Nuggets” video (located at the very bottom of the “Resources” page of www.immanuelapproach.com). NOTE: the “Teaching Nuggets” section does not show up on the drop down menu when you click on “Resources” from the menu bar at the top of the Home page. You have to actually **go to the Resources page**, and then scroll to the very bottom of the page. Also, on some devices the nuggets at the bottom will be out of view when the first screen opens – you have to scroll “below the fold” – that is, beneath the content initially visible.)

Blessings,

Dr. Lehman/Karl
