

Title: Immanuel Approach Training – Good News and Bad News

May 12, 2021

Greetings all,

I have been getting a lot of e-mails asking when we will be doing our next Immanuel Approach training seminars. The bad news is that we will not be doing any Immanuel Approach training seminars in 2021.

The good news is that I have been working on a series of Immanuel Approach training videos for the past 16 months. (Most of you have already seen pieces of this project.) Hopefully, I will finish this project in the next few months, and then it will be available as a training package. In addition to the draft-version segments that many of you have already seen, the final training package will include a 20 minute introduction to the Immanuel Approach, segments on each of the two variations of the full Immanuel Approach healing process that we present in our Basic Training seminars, and a segment on intimacy with Jesus. The full video training package will essentially be a condensed version of our Basic Training seminar.

And more good news is that a number of others are also providing training regarding the Immanuel Approach. For example, Pastor Patti Velotta provides regular Immanuel Approach training events for her “Immanuel: A Practicum” training and supervision network. (Contact Pastor Patti through <http://immanuelpracticum.com/book/> if you are interested in her “Immanuel: A Practicum” training and supervision network.) And Melinda Wilson and Cathy Little with Face to Face Ministries are providing regular seminars that include training for the full Immanuel Approach process for healing traumatic memories and that are open to the general public. (See www.facetofaceministries.org for more information regarding their seminars.)

Furthermore, Jim Wilder and the Life Model Works team (<https://lifemodelworks.org>), Chris and Jen Coursey with THRIVE (www.thrivetoday.org), Andy Ross (see <https://immanuelfocusedtraining.com>), and Margaret Webb with Alive and Well (www.alivewell.org) all provide training regarding various components of the Immanuel Approach. And there are many others providing Immanuel Approach training, especially in smaller, local settings. (For example, Betsy Stalcup with Healing Center International <https://www.godhealstoday.org>, and a number of Vineyard churches provide Immanuel Approach training for people participating in their congregations.) NOTE: These different trainers have very different styles, so you will want to find the training source that is the best fit for you.

I am praying that each of you will find the training resources that are just right for you. ☺

Blessings,

Dr. Lehman/Karl
