

Title: "First Time IA With Young Man in India"

October 17, 2022

Greetings all,

Just a quick note to share another fun Immanuel-Approach testimony from a facilitator who has provided Immanuel ministry in a number of different countries around the world:

In India, I was eating breakfast and talking with a group just about the things of God and His incredible goodness. Eventually the group left to start the day, but one young man stayed and continued talking about God and he was just so amazed about the things we were talking about. Gratitude was clearly evident in the conversation, so I thought, 'I'll just launch this man into an encounter with Immanuel right now.'

I told the young man to just close his eyes and ask where Jesus is right now. At first he answered from his head and said, "Well, He lives in us, He's right here inside of us." I prodded him to ask the Holy Spirit again. Then his eyes bulged and he said, "He's right next to me!" "What's he doing?" I asked. "He's just looking at me!" The conversation continued, but the young man was so excited to actually have perceived Jesus with him. We got up to leave and it's like the young man was walking in slow motion and he just mutters, "I didn't know you could encounter God like that outside of church service and at breakfast." Haha!

I saw that man throughout the rest of the day and you'd almost think he was on drugs. He was almost in a daze all day. I saw him walking slowly alone later in the day and I said, "How are you doing?" He responded, "He's just walking with me. How is this possible?"

Blessings,
