

Title: "Testimonies/Endorsements Regarding New Videos"

I am deeply touched, encouraged, amazed, humbled, and honored by what people have said about the Immanuel Approach and about this new series of training videos:

"Immanuel Prayer is the single most effective method I've ever encountered for healing the lifelong effects of trauma."

"InterVarsity Christian Fellowship has been using these training videos for the last year-and-a-half, with excellent results. The teaching segments, demonstrations, and practice exercises are flexible, well thought through, and a great way to train people in Immanuel Prayer. Our plan is to use these videos to train staff for the upcoming Urbana conference and for years to come."

"I worked with one young woman whose faith was lukewarm at best. Through an Immanuel Prayer encounter, she became deeply convinced that Jesus is real. She left the session completely blown away at the reality of the risen Christ. Soon after she joined a church and was baptized. When I meet her now, even years later, she still exclaims, 'Jesus is REAL!'"

"We all have impediments to intimacy. The Immanuel Approach offers a way to remove blocks to intimacy and develop secure attachment with God and others. Dr. Lehman's approach encourages a true Biblical transformation which includes knowledge about God and relational knowing of God."

"I am a trained counselor, I have planted a church, and I have pastored this church for the last 20 years. I had grown weary of new Inner Healing models, and did the best I could encouraging

people to share their stories as they were able and to receive comfort and prayer. When I experienced the Immanuel Approach it changed everything. My own relationship with Jesus was transformed and how I prayed for people radically changed....It informs my preaching, my pastoring, and my witness to the world.”

Dr. Adey Wassink, M.A. in counseling, M.A. in global leadership, Doctor of Missiology
Senior Pastor, Sanctuary Community Church of Iowa City
Senior Leadership Team, Blue Ocean Faith Church Network

“Immanuel Prayer is by far the greatest catalyst I have seen for enabling individuals to dive into true intimacy with Jesus, *even cross-culturally.*”

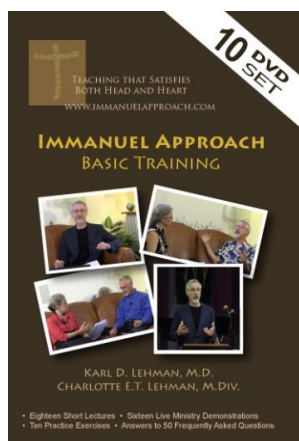

Elise Heidi

Missionary with the Advance Him team in Uganda

As a spiritual director, I consider that my primary role is to be attentive to where the Holy Spirit is leading the conversation. In the Immanuel Approach, we look for where Jesus is leading the person we are praying for. It is a completely Jesus centered approach for healing and spiritual growth, he guides every step. As a psychotherapist, I sometimes can only marvel at Jesus’ methods -- the things people sense him doing and saying are beyond any therapist’s abilities!
