

Title: "Please Pray for Volunteer Helping With Digital Downloads"

March 14, 2022

Greetings all,

Many of you have been asking for our training materials to be made available as digital downloads, and this has especially been a need for the international community. (International shipping costs are insane.) The **good news** is that the new basic training series will hopefully be available as a digital download within the next couple of months. And **more good news** is that once the system is in place, we should be able to make all of the material from our training DVDs available as digital downloads.

To this effect, we would appreciate prayer for the volunteer who will be in the middle of this new effort. This is the same volunteer who helped with proofing for the new video series, and she has continued to have a variety of disabling computer problems ever since working on that project. (We are grateful that she is willing to continue working with us!) So we are specifically asking for prayer for guidance, gifting, anointing, discernment regarding work-flow priorities, and protection for Colleen.

Thanks and blessings,

Dr. Lehman/Karl
