

Title: "And Yet *Another* InterVarsity Alumni Testimony"

April 18, 2022

Greetings all,

Here's yet another encouraging, inspiring note from an InterVarsity alumna:

I am an InterVarsity alumni, and in fact spent 3 of my 4 years as an undergraduate as an InterVarsity student leader....I love, love, love the idea of InterVarsity leadership being trained in the Immanuel approach. The college years are so formative for all the rest of adult life. InterVarsity as I experienced it gave me a wonderful understanding of Scripture as well as Christian fellowship during college. But the Immanuel approach adds something different, but equally precious and fruitful--- a living interactive relationship in the places our hearts are hurting. When someone is struggling with an abuse history or addiction or a friend's betrayal, it is good to know from the Bible what is the right direction in which to go, but it is much more powerful to be able to experience the Lord's living word that goes right to the root of the pain in your particular life circumstances, and be set free. Even just the very basics of learning appreciation and Immanuel journaling would have been so great to have earlier in life! Evangelicals talk all the time about a "personal relationship" with God, but it is only through the Immanuel approach /Life Model Works materials that I see information that actually teaches people *how* to have an actual personal relationship with God.
