

Title: "InterVarsity Alumni Testimony #6"

June 13, 2022

Greetings all,

Here's yet another encouraging, inspiring note from an InterVarsity alumna:

"The Immanuel Approach has been transforming my life since it became a way of life for me in 2015 when I first learned it.

I entered into an intimate, tangible relationship with Jesus my sophomore year in college. A childhood friend transferred to my college and asked the IVCF chapter to pray for me. I went with her to church, met the IVCF staffworker and students, shared my commitment to follow Jesus in a church service a few weeks later and immediately followed my friend into an IVCF small group. I experienced a deep sense of belonging and dove into relationships and leadership. Ever since that time (December 1984), intimacy with Jesus, becoming whole, and the transforming power of belonging in a small group have been the defining factors in my life and vocation.

After decades of learning and practicing many various forms of prayer and healing prayer beginning in my IVCF college days, I learned the Immanuel Approach in 2015 and everything fell into place....I released unhealthy prayer practices and found integrity, authenticity and sustainability in all my relationships and ministry.

I feel relief, hope and redemption as I envision college students experiencing wholeness and intimacy with Jesus as a way of life."

IVCF Alumna

Blessings,

Dr. Lehman/Karl
