

Title: "Totally Cool Gen Z Immanuel Approach Story"

June 27, 2022

Greetings all,

One of you sent in a particularly fun, encouraging story in response to my request for information from those who have had experience with facilitating Immanuel Prayer for Gen Z. I thought it would be fun to share it with the rest of the community.

"One of my daughters attends a very secular university, and she has tried Immanuel Prayer with some of her college friends, including some of her non-Christian friends. One of her non-Christian friends was not particularly interested in Christianity, but because she trusted my daughter, was willing to try Immanuel Prayer. She had a powerfully positive experience with it, and came to the place where she said something like, 'I don't get Christianity, but I am falling in love with Jesus!'"

Blessings,

Dr. Lehman/Karl
