

Title: New Live Ministry Series (LMS) Session -- *Diane: First IA Session, Many Hindrances, Good Troubleshooting, Beautiful Connection*

September 19, 2022

More good news! We have released another new Live Ministry Series (LMS) session: *Diane: First IA Session, Many Hindrances, Good Troubleshooting, Beautiful Connection*. (This Live-Ministry-Series session has actually been available in DVD format for a while, but I forgot to announce it – thank you COVID chaos. 😊)

Here's the short summary from the back of the DVD case: After years of intense resistance and avoidance, Diane finally feels ready/able for her very first Immanuel Approach session. We address several hindrances, including the persistent fear that she is just making things up with her own mind and a memory-anchored fear of cooperating with the structured process, and then Diane is able to perceive Jesus' presence and establish a beautiful connection. One highlight is when she describes, "...Jesus is showing me what it's like to have a big brother." At the five-year follow-up interview, Diane reports that her previous intense resistance to the Immanuel Approach has remained resolved, and that she is able to receive periodic IA sessions from a friend. She also reports that the new, beautiful sense of Jesus' living presence with her as a big brother has continued.

This new live ministry session can be purchased (\$30), and then streamed and/or downloaded, from the following link: <https://immanuelapproach.pathwright.com/library/>
