

Title: "Observers Amazed by IA Session – Another Story From India"

September 5, 2022

Greetings all,

Just a quick note to share a fun Immanuel-Approach testimony from a facilitator who has provided Immanuel ministry in a number of different countries around the world:

"In India, I sat down with a young man and two other observers. The man was obviously struggling with guilt and wanted to be free. He easily connected with Immanuel in the prayer time and with very little guidance necessary, the young man followed Jesus into a series of bad past memories and He easily saw where Immanuel was with him for each memory. One of those memories was an attempted suicide and he was able to see where Immanuel was and the memory was changed. The two observers (one Indian and one American) were dumbfounded that the man could connect with God all on his own and that Jesus just lead him through all the healing without any input from us. They both said they've never experienced the presence of God in a more powerful way than that moment."

Blessings,

Dr. Lehman/Karl
