

Title: Update Regarding REVIVE Europe 2024

December 27, 2024

Greetings all,

Just a quick note to give an update regarding **REVIVE Europe 2024**

<https://www.reviveeurope.org/>

We have a small team in place for the REVIVE conference in Poland in a few weeks. Mark Hattendorf will be providing two training workshops, and Peter Horton will be leading the ministry team.

One really cool piece is that we have gotten permission to start offering ministry sessions on the day that students will be arriving, before the conference actually starts. The ministry team members will just roam around the conference center and offer Immanuel Approach ministry to anyone they meet, as the Spirit leads. Our expectation is that this will be a powerful way to promote the Immanuel Approach at the conference, as people have beautiful, profound experiences with the living, loving, tangible, interactive, personal, friendship presence of Jesus, and then tell their friends.

Please pray that the REVIVE leadership and staff will enthusiastically promote the IA prayer ministry and workshops, so that they will have maximum strategic impact in introducing the larger REVIVE and IFES (International Fellowship of Evangelical Students) communities to the Immanuel Approach. Please pray for the workshop participants and ministry recipients, that they would experience the living, tangible, interactive, life-giving, personal, friendship presence of Jesus. And please pray for all of the ministry team members, that they would remain healthy, make it to the conference safely, and be especially anointed to facilitate sessions.

Blessings,

Dr. Lehman/Karl
