

Title: Another Update Regarding REVIVE Europe 2024

December 27, 2024

Greetings all,

Just a quick note to give another update regarding REVIVE Europe 2024.

Due to the injuries to his ankle and knee, and several other problems that have just come up, Mark is not able to be at the conference to give the workshops on the Immanuel Approach. Please pray that one of the other team members will be able to give the workshops in his place. (And continue to pray for Mark – for continued healing, and for help and provision regarding the other problems he is dealing with.)

Also, during the day tomorrow (the 28th), as all of the students and other conference participants are gathering, the ministry team will be roaming around the conference center and offering Immanuel Prayer to anyone they meet, as the Spirit leads. Again, our expectation is that this will be a powerful way to promote the Immanuel Approach at the conference, as recipients have beautiful, profound experiences with the living, loving, tangible, interactive, personal, friendship presence of Jesus, and then tell their friends.

Finally, please continue to pray that the REVIVE leadership and staff will enthusiastically promote the IA prayer ministry and workshops, so that they will have maximum strategic impact in introducing the Immanuel Approach to the larger REVIVE and IFES (International Fellowship of Evangelical Students) communities. Please pray for the workshop participants and ministry recipients, that they would experience the living, tangible, interactive, life-giving, personal, friendship presence of Jesus. And please pray for the remaining ministry team members, that they would remain healthy, make it to the conference safely, and be especially anointed to facilitate sessions.

Blessings,

Dr. Lehman/Karl
