

Title: Please Pray for the IA Workshops at REVIVE Europe 2024

December 28, 2024

Greetings all,

Just got an email from Peter Horton: "We're just getting started here. Excited about how things are going forward and the expectation that God will do great things."

Peter and Johan Konstapel (an IA facilitator and mental health professional from the Netherlands) will be doing the workshops. Please pray that the Lord will give them special grace and inspiration as they take on this piece at the last minute.

And again, the IA ministry team will be roaming around the conference center and offering Immanuel Prayer as the students and other conference participants are gathering today. Please continue to pray for this part of the adventure. (It is happening right now.)

Blessings,

Dr. Lehman/Karl
